PROFILE

A dedicated and well-rounded individual seeking opportunities to further enhance my skills and contribute to the field. With a proven track record in academics, leadership, and community service, I aim to bring my unique blend of talents and commitment to any role I undertake.

EXPERIENCE

DevOps/FullStack Developer Project Leader

2024

A large IAM project required an intuitive interface for role-based access and rights management. At the same time, new workflows for role-based access, lifetime, and monitoring had to be established.

- MERN Stack with MVC Framework
- GitHub Actions automated CI/CD Pipeline with Azure Deployment via Docker Compose
- HTML5/CSS3/Bootstrap3 for the front-end
- TypeScript, OAuth2, JWT, NginiX, Rate Limiting, CORS, MongoSanitize, XSS Clean, Jest, Swagger/OpenAPI

ACHIEVEMENTS

- Member of the invite-only Golden Key International Honours Society
- Advanced to the penultimate round of the National Programming Olympiad (2021)
